Little guns, big guns, long guns and crooked guns are a few of the many kinds of guns to found in the stock of guns just received by Mr. Geo. Wolf, on the corner. One of the guns now in the stock has a 42-inch barrel, and another is as crooked as a rail-fence. Call and see them.

This was a remarkably good day's business for so early in the season, and is an indication as to what may be expected when the season for sale of live stock opens up, which will be at least thirty days.

Alton, Aug. 27.—A very quiet, but beautiful wedding of unusual interest occurred at the home of Mr. and Mrs. W. K. White, on Saturday evening at 10 o'clock. Mr. Pool is a young man of high moral character and many excellent qualities, and holds a responsible position with the Bushwall Development Co., of Tallahassee, and his many friends are congratulating him for the prize he has won. Miss Leslie has made many friends during her stay at Alton who regret her departure. The bride and groom left on the early train Sunday morning for Tallahassee, their future home.

COTTON GROWERS MEET

Building of Warehouse the Subject Under Discussion—Enthusiastic Meeting Well Attended.

The Suwannee County Sea Island Cotton Growers' Association met at the Court House in Live Oak, August 25, as per call from President.

Association called to order by the President. The regular order of business was dispensed with, and the warehouse question was brought up, and a number of new shares were taken by members of the Association, and several present doubled the number of shares heretofore subscribed for.

Mr. C. H. Brinson was present, and upon invitation of the Association, made an able talk and advanced good reasons why the farmers, merchants and professional men should come together and assist in the advancement of the interests of the cotton growers. He expressed himself as in favor of building a warehouse and urged those present to take stock in the warehouse company and help along the good movement.

C. H. Brown and others made interesting and instructive talks advocating organization, and urged the necessity of building a warehouse, believing it would pay the cotton growers good returns for every dollar invested.

Adjourned until 1:30 p. m.

Afternoon Session.

Minutes of previous meeting read and approved. Members were appointed to sell shares in each district in the county, and upon motion of C. H. Brinson, J. U. Meeks was appointed to canvass as much of the county as possible before next meeting and sell stock in the warehouse company, and report at the next meeting on Saturday, September 1st.

The organization of warehouse company was deferred until meeting on Saturday September 1, when all who have subscribed stock are urged to be present and participate in the election of temporary officers and adoption of by-laws.

Upon motion of J. F. Sherwood, J. D. Goss was allowed \$5 for railroad fare and expenses as delegate in attendance upon the Association at different times.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.
